Highlights

Beard and stubble trimmer

The full metal trimmer (32 mm) and the comb with 12 adjustable length settings makes it easy to get exactly the beard length you want. Lock in your perfect length setting with the zoom wheel. The durable metal trimmer with skin-friendly rounded edges guarantees a precise and even trim.

New Dual Foil Shaver

The new dual foil shaver makes it easy to shave around your style. The mid-trimmer catches longer, tougher hairs and the 2 floating foils shave everything else perfectly smooth.

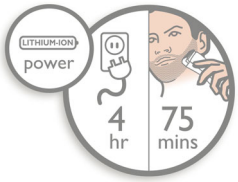
Dual sided trimmer

Take off the adjustable comb and there's a full metal, dual sided trimmer underneath. Use the 32-mm side for a high-performance trim and the 15-mm side for precise detailing work in those hard to reach places. The rounded tips ensure a smooth touch to your skin. The finer cutting elements deliver a close trim with perfect results — excellent for small details or areas like under your nose or around your mouth.

AquaTec - Wet and Dry

For extra skin protection and optimal shaving results, use wet with gel or foam, it can also be used dry for convenience. And when you're done, just rinse the product under the tap to clean it.

Lithium-Ion battery power



The Lithium Ion battery delivers up to 75 mins of powerful cordless use and is fully charged in only 4 hours.

Zoom wheel

Zoom wheel makes it easy to adjust the comb in the 12 length settings. The settings offer ultimate precision of 0.5-mm steps on the shorter lengths to define exactly the style you want, between a 5 o'clock shade and 3 days' stubble. Also, for longer beards, it offers exactly the lengths you need in 1-mm step sizes.

Battery light

The light is continuously lit to indicate a full battery, and blinks orange when you have about 10 minutes of usage left.

Foldable charging stand

The foldable charging stand gives you convenience at home and flexibility when travelling.

Beard comb

The design of the beard comb gives you more control, allowing you to always trim your beard evenly.

Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee and worldwide voltage compatibility, and they never need to be oiled.
